### Understanding the crop production of India:

**Dataset Link:** [Dataset](#)

This dataset has 2,46,092 data points (rows) and 6 features (columns) describing each crop production-related detail.

### A brief overview of what each feature represents or should represent:

1. State Name - All the Indian State names.
2. District Name - Different District names.
3. Crop Year- contains the crop years.
4. Season – Different seasons for crop production.
5. Area- Total number of areas covered.
6. Production- production of crops.
